

**AITEC'27**

THE INTERNATIONAL CONFERENCE ON AI, IOT, EMBEDDED TECHNOLOGIES & SUSTAINABLE ENERGY

27 – 28 March 2027 **Rosa Beach Hotel, Monastir, Tunisia** **JOIN NOW**

TRACKS AND INSIGHT

Artificial Intelligence

Design, train, and deploy advanced machine learning, natural language processing, and computer vision systems to build intelligent and ethical solutions across multiple industries.

Embedded Technologies

Develop and integrate efficient real-time embedded systems that enable smart devices, automation, and digital transformation across industrial applications.

Internet of Things (IoT)

Connect devices, sensors, and data through IoT architectures to create intelligent, automated, and interconnected environments powered by modern communication and integration technologies.

Sustainable Energy

Innovate in renewable energy generation, smart grids, and clean technology systems to promote sustainable, efficient, and eco-friendly energy solutions for the future.

2 WORKSHOPS : FREE**1- AI FOR SCIENTIFIC RESEARCH****2- EMBEDDED MACHINE LEARNING****Call For Registration**contact@aitec2027.com**+216 55 531 177**

EXCLUSIVE

HONORARY CHAIRS

Pr. Mounir Zrigui**Computer Science Professor****Pr. Iana Atanassova****Computer Science Professor****Pr. Henri Nicolas****Computer Science Professor**

**Proceedings will be published in The International
Journal of Computer Applications (IJCA)**
